Mineral™
recliner seating

Steelcase
HEALTH

IM# 20-0135406 | SM: MINERAL RECLINER WITH WOOD ARM CAPS, TABLET ARM (DESIGNTEX CROSSWIND WAVE, SHIRAZ CHERRY, DUNE); SONATA SINGLE-SIDED ISLAND WITH OPEN STORAGE AND SOLID SURFACE TOP AND NURSE SERVER WITH WASTE BIN STORAGE, SOLID SURFACE TOP AND NO PULLOUTS (SHIRAZ CHERRY, BISQUE)

Compact Comfort

Designed with the needs of patients and clinicians in mind, the Mineral™ recliner provides a clean, familiar aesthetic in a compact design. With a shorter seat depth than many recliners, Mineral is easy to enter and exit.

It delivers big-chair comfort, yet it fits into a smaller footprint and is easy to maneuver for clinicians who must move patients through their healthcare journey.

A range of options increase comfort and capability, including casters or wood legs, wider seat, heat and massage, a push bar, pull-out footrest, tablet arm, IV pole holder and drainage bag hanger, as well as arm caps in wood or plastisol.

INSIGHT

Recliners that balance a residential feel with performance features can contribute to a feeling of comfort while meeting important healthcare needs.

Mineral excels in both categories. Beneath its pleasing aesthetic, steel frame construction provides durability and support. The recliner's design and materials facilitate cleaning.

Wide Range of Motion

Mineral's backrest offers infinite stops, from upright to full recline. It operates independent of the footrest, allowing users to select a recline position that is most comfortable.

Patient + Clinician Safety

An optional flip-down arm facilitates safer, easier patient transfers, and arm caps provide an easy grip. The footrest is scalloped to prevent feet from slipping when reclined and to ease exit when recliner is closed.

STATEMENT OF LINE

Fixed arms

Left flip-down arm

Right flip-down arm

DIMENSIONS

Overall depth	30"	Seat depth	18 1/2"
Overall width	29 1/2" and 32 1/2"	Seat width*	23 1/2" and 26 1/2"
